EXPERIENCE

MongoDB

Senior Product Designer - Atlas Growth

Aug 2021 - Present

Designed and shipped end-to-end growth experiments across onboarding, activation, retention, and monetization, resulting in measurable improvements to key business metrics.

Partnered with product, engineering, and data to identify growth opportunities and run experimentation across complex workflows.

Ahero

Founder - Product, Design & Engineering

Jan 2024 - Present

Built a productivity app that helps users reduce distractions, and run structured focus sessions.

Scaled to 10,000+ signups and ~1,000 MAU, validating user demand through sustained usage and early revenue.

Deloitte InsightStudio

Product Designer

Sep 2019 - Aug 2021

Designed data-intensive dashboards and visualization systems for Fortune 100 companies and U.S. government agencies.

Amazon

UX Design Intern

May 2018 - Aug 2018

Led the redesign of the product customization and personalization experience for Amazon Custom within Amazon Marketplace.
